Summary

Frontend Developer with two years of administrative experience, building skills in teamwork, communication, and time management. Proficient in HTML, CSS, JavaScript, and frameworks like React, I am passionate about creating dynamic, visually appealing, and responsive web experiences by combining technical expertise with essential soft skills. I offer a blend of interpersonal skills and my diverse background equips me to approach projects with creativity, efficiency, and a keen attention to detail.

Skills

Technical Skills:

HTML, CSS, JavaScript, React, GitHub, Responsive Web Design, Tailwind, Flutterflow, Wordpress Nodejs.

Soft Skills:

Collaboration, Communication, Time management, Creativity

Education

Experience

Associate Frontend Developer- CoreXtreme Technologies

Cameroon | June 2024 - September 2024

- Developed and maintained responsive pages for optimal user experience across devices.
- Implemented a vehicle registration page with a UI update for successful uploads, and created a multi-navigation side bar.
- Managed tab bars for specific user navigation and displaying total requests and payments in data tables.

Intern - CoreXtreme Technologies

Cameroon | April 2024

- Collaborated in developing an app to streamline a B2B purchasing process.
- Created a product proposal form for suppliers and managed pricing.
- Implemented order management features for businesses.

Intern - Moreton Bay Regional Council

February 2024

- Created a site map and user flow for a not-for-profit organization and developed a form to match the website.

Intern - IceChip Technologies

Ghana | November 2023- June 2024

- Worked closely with the UI/UX designer to implement a visually appealing website of an asset management platform to improve user experience, ultimately increasing the number of users for the platform.
- Created a dashboard that allows users to easily have a detailed overview of their assets including history of all transactions.
- Helped the backend team write API endpoints with node JS to allow customers register, login and track assets.

Procurement and Stock Manager - La Maison Restaurant

Accra | 2022 - 2023

- Developed inventive and cost-effective procurement strategies, sourcing and engaging reliable suppliers.
- Performed risk assessments on potential contracts while controlling procurement budgets and financial records.

Customer Liaison Officer - Innovative Services Limited

Accra | 2022

- Led the electrical team to register and install approved meters for clients.
- Monitored client satisfaction by tracking and following up on issues they experienced.

National Service Personnel - Ghana Civil Aviation Authority

Accra | 2020 - 2021

- Handled aircraft registration, drafted and filed official documentation, and reviewed manuals.
- Recorded meeting minutes and proficiently used Word and Excel for various administrative tasks.
